Dear ,

Thank you so much for your generous donation of:

\$100 - 08/05/2011 via Check

Your donation is more critical now than ever before to provide for the needs of all the animals here. Pets Alive is supported ENTIRELY by private donations and receives no government funding. Your donation will ensure that we can continue to take in animals that would otherwise be euthanized. We will find wonderful homes for every animal that comes into our shelter and if a home can not be found, they will find a place where they are loved, walked, and cared for by our staff and volunteers - for their entire life.

If you would ever like to stop by and see how we put your donation to use, please feel free to visit any day between 10am and 4pm. We LOVE volunteers and would love to put you to work walking, brushing, cleaning, or just loving on the animals here.

You can learn more about Pets Alive by visiting us at [www.petsalive.com](http://www.petsalive.com).

Thank you again for your kindness.

*Thank you!*
